Carl Brakensiek, MBA JD, Legislative Advocate
Steve Cattolica, Legislative Advocate
Andi Irons, Executive Director
Up to 15 AMA PRA Category 1 Credits™
6 hours of QME

The California Society of Physical Medicine & Rehabilitation is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. CSPMR takes responsibility for the content, quality and scientific integrity of this CME activity.

The California Society of Physical Medicine & Rehabilitation designates this live activity for a maximum of 15 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Physicians attending this course may report up to 6 hours toward the requirements of California Labor Code section 139.2(d), continuing medical education towards QME status. This seminar also meets the current requirements of IMQ with respect to AB 1195 cultural and linguistic competency.

About the Program
This program has been designed for physical medicine and rehabilitation physicians (physiatrists) as an update and review. Participants will learn practical, clinical steps to manage various common patient care issues related to physician medicine and rehabilitation. Other physicians who refer to physiatrists, or who are directly involved in the treatment of neuromuscular or musculoskeletal impairments, will also benefit from this program by gaining knowledge that will improve their ability to manage these patients.

Disclosure
Consistent with CSPM&R policy, faculty are expected to disclose any economic or other personal interests that creates, or may be perceived as creating, a conflict of interest related to the material being presented or discussed. A complete disclosure statement will be in your course syllabus for your referral at the program.

Educational Objectives
At the conclusion of the annual meeting the participant will be able to:

- Outline the new approaches and methods for treatment of patients with common shoulder problems, cervical dystonia, spasticity management and interventional pain management.
- Describe the current trends in opioid prescribing.
- Identify diagnosis and treatment motor recovery after TBI and learn the challenges of inpatient rehabilitation.
- Learn the latest in research as presented by residents of various PM&R medical school programs.
- Learn the latest in physician intimidation, rehabilitation’s liability reality, and criminal enforcement for physicians.
Enrollment

Tuition includes a syllabus on flash drive, break snacks and Saturday lunch. We accept checks made payable to CSPM&R or credit card payment through PayPal on our website. Registration can also be done online by going to the website www.cspmr.net. Refunds must be requested by April 9, 2017 and will be subject to a $50.00 service charge. Program materials cannot be guaranteed unless payment is received prior to April 10th. CSPM&R has the right to cancel this meeting; in such a case, a full refund will be given.

CME Mission Statement

The CME Mission of the California Society of Physical Medicine and Rehabilitation is to disseminate scientific, socioeconomic and political aspects of medicine impacting the specialty of physical medicine and rehabilitation. **Purpose:** Our CME program’s purpose is to provide high-quality, evidence-based educational seminars designed to advance physician competence and enhance practice performance, throughout their professional careers. Our attendees will also learn about the importance of culture and communication for delivering effective health care. Our CME programs will establish a commitment to educate physicians to deliver culturally and linguistically appropriate care. **Target Audience:** Our target audience is the society membership of physicians who specialize in physical medicine and rehabilitation as well as other allied health personnel in the physical medicine and rehabilitation arena. Education will be presented with that target audience in mind but other physician specialties and professionals will be invited when deemed appropriate. Our target audience consists of the above groups mainly from California. **Types of Activities:** As a CME provider of a medical specialty organization our activities mainly consist of live courses directly sponsored by the California Society of Physical Medicine & Rehabilitation. The educational design, instructional methods and learning format for each CME event is created to best serve the educational needs and learning objectives of the educational seminar. **Content:** The content for each individual presentation within the event is chosen with the needs and objectives taken into consideration. This includes but is not limited to case presentations, didactic lectures, question and answer periods, group discussions, workshops and panel discussions. **Expected Results:** We expect our attendees will report greater performance in their approach to clinical problems and/or express their intent to change their behavior and apply newly acquired strategies in their practice. We expect that our attendees will demonstrate competence and the effective use of targeted skills to enhance patient outcomes.
Location

San Francisco Airport Marriott Waterfront Hotel
1800 Bayshore Highway
Burlingame, CA  94010

Reservations:  (800) 228-9290

Group Code:  CSPM&R Annual Meeting Apr 2017

Online Reservations:  You are encouraged to make your reservations online by using our exclusive link below:

https://aws.passkey.com/e/4897874

Cutoff date:  March 24, 2017

The link is also available on our website:

www.cspmr.net / Meetings / Annual Meetings

Click on the hotel link to make your reservations online.

Hotel Features:  Located on the San Francisco Bay, this hotel is within 1 mile of the international airport, which has a BART rapid-transit line that connects to downtown San Francisco, 15 miles away.  In the Marriott's sky-lit cocktail lounge, a wall of windows offers expansive views of the bay and jets taking off and landing.  Indoor lap pool:  The Marriott's complimentary 24-hour health club provides a naturally lit indoor pool, a large spa tub, and separate women's and men's locker rooms with saunas. Towels are provided. Fitness equipment includes cardio machines and free weights.

Rest and revive:  Spacious, smoke-free guestrooms at San Francisco Airport Marriott Waterfront feature Marriott's signature Revive collection down bedding, WiFi access (surcharge); some rooms have bay views.

Attractions:  The hotel flanks a six-mile waterfront walking/jogging path. Bowling, tennis, and miniature golf are all within a six-mile radius of the hotel. The 18-hole, par-72 Crystal Springs Golf Course, seven miles away, has views of the Crystal Springs Reservoir and the Coast Range, along with abundant wildlife.

Surfing, boating, sailing, and other water sports are available on San Francisco Bay, Half Moon Bay, and at other area beaches.

Reservations:  To insure our special group rate from $124.00 per night (single/double occupancy, plus applicable taxes) you are encouraged to register online by going to our exclusive link below:

https://aws.passkey.com/e/4897874
